**TO: Dynapar Customers**

**Upgraded Product Announcement**

Old Qube

New Qube

Dear Valued Customer & Distributor:

Thank you for your purchase! You have received the new updated Qube 22 series encoder. Apart from the black housing, our redesign incorporates numerous internal improvements to provide you with the following benefits:

- **IMPROVED SHOCK & VIBRATION RESISTANCE**
- **INCREASED SHAFT LOADING**
- **NEW IP67 SEALING OPTION AVAILABLE**
- **NEW INCREASED RESOLUTION RANGE UP TO 3600PPR**

*Please note that the wiring colors have changed and refer to the included installation manual.* We truly appreciate your business and please contact your Territory Manager or our Applications Department at 1-800-234-8731 for any questions or comments.

Sincerely,  
-AJ
